

# Wambie Youth

## 2016 Youth Program

**Host:** Responsible for arranging and facilitating the youth meeting. Please check that the person conducting the **activity** is prepared and attending. Also check that the person doing **topic** has completed the planning and is prepared. Some mentoring or assistance may be required to the youth member preparing the topic. If you have any doubts about this then please contact Nobin or Rod. The host should also;

- Church meeting - Open up and prepare the church hall for the meeting. Arrange snacks/food. Tidy up and lock up at the conclusion.
- External Activity – Arrange the activity. Book venues if necessary. Establish precise cost. Send information to parents in relation to time, location, cost, transport, etc. Ensure that there is appropriate supervision and support (eg: at least one male and one female parent, seek assistance from other parents if more supervision is required).

**Activity:** Responsible for planning the activities for the Youth Meeting. This could range from games when the meeting is at the church to booking the bowling alley if this will be the external activity. You are also responsible for arranging or bringing necessary resources for the activity. This would include items such as balls and equipment etc.

**Topic:** This person is responsible for preparing and delivering the Topic. Information to assist with this is attached to this package. The Host or another mature member of the church should assist the Youth Member to prepare the Topic.

Date/Time	Host	Location	Activity	Topic
